

[Monthly SEO](#) is a new and unique publishing service from Kaboom SEO Ltd. The service publishes articles for you onto a network of unique and interesting websites that when cached by the search engines, promote your own website. This is because each link found, with the correct content and links, adds weight to your own website for the specified keywords. This Monthly SEO service includes the writing of the articles to go with each link, so you really don't have to do much, just let them know which website you want to promote, and for which keywords. Then select a package and you are off. Simple, but effective SEO on a monthly basis. The great thing is, it works, and fits within the guidelines of all the major search engines.
